About This Game

Explore an abandoned building, encountering puzzles and clues as the story unfolds. You seem to have been there so long that direct sunlight is blindingly bright, at home in the serene but foreboding atmosphere. When you sleep, you are plagued by nightmares, frantically running down hallways chased by darkness, an axe in hand.

Find the remnants of the building's inhabitants to discover who you are, what happened, and what you need to do, as you try to escape in both your nightmares and the waking world.

Homesick is a puzzle exploration mystery game with a first person perspective, in a richly detailed and atmospheric 3D environment.

Features

- hauntingly beautiful and atmospheric 3D environment
- innovative yet straight-forward puzzles that are satisfyingly challenging
- the story unfolds through solving puzzles, finding clues, exploration, decoding text, and unlocking new areas
- average playtime 2 to 4 hours
